

U.S. CONGRESSMAN GARRET GRAVES ***SIXTH CONGRESSIONAL DISTRICT OF LOUISIANA***

Frequently Asked Questions About Service Academy Nominations

1) What is a nomination?

In order for a non-military candidate to be considered for an appointment to a Service Academy, you must have a nomination from an authorized nominating source. Title 10, U.S. Code, establishes two nomination categories. The first, usually referred to as a “congressional nomination,” includes the nomination of the Vice President and Members of the United States Senate and House of Representatives. The second, referred to as “service-connected” or “military affiliated” nominations, includes the selections of the President and nominations of the appropriate service (i.e. Secretary of the Army for nominations to the U.S. Military Academy).

2) What are the basic eligibility requirements?

Each applicant for a nomination must meet the following eligibility requirements as of July 1st of the year of admission to an academy:

- Citizenship: US citizenship, or having obtained it by graduation
- Residency: Louisiana
- Congressional nomination: United States Air Force Academy, United States Naval Academy, United States Merchant Marine Academy and United States Military Academy
- Age: by July 1 of entering year, at least 17, but not older than 23
- Marital Status or Dependency: unmarried, not pregnant, no legal obligation to support children
- Academic: Must complete SAT-1 or ACT examinations. You must be in your senior year of high school or older to be considered for a nomination.
- Must pass academy physical requirements and medical examination
- Must be of strong moral character

3) How do I receive Congressman Graves’ Academy Nomination Application?

The Academy Nomination Application is available on-line to candidates in the fall of their senior year of high school. You should express your interest in applying for a nomination through Congressman Graves’ website at www.garretgraves.house.gov. The application will be activated in September 2020. The application should be printed and sent to Congressman Garret Graves’ Office.

4) When do I begin the process of applying for a nomination?

The Congressman can only nominate students who are going to be at least 17 years old by July 1 of the year entering an Academy and no older than 23. However, we recommend that students begin familiarizing themselves with the various academies and their respective requirements early in their high school years.

5) What must be included in my nomination file?

A complete nomination file consists of the following items (**Please do not send copies of certificates or commendations as only the required documents that have been included in your application will be considered**): Completed the Application with sections containing the following requested information; extra-curricular activities, essay, educational history, employment history, medical information, leadership roles, letters of recommendation (minimum of three, maximum of five), current resume, SAT and/or ACT scores, official transcripts (if your school only submits sealed transcripts, you may mail these to the Congressman's office), a current headshot photo of yourself (a recent school photo is suggested), etc.

6) What is the deadline for completing a nomination file?

The deadline for submitting the completed application and returning materials is November 6th. Late or incomplete applications cannot be considered.

7) What happens after I have completed my nomination file?

Qualified applicants who meet the basic eligibility requirements and complete a nomination file by the deadline will be invited to meet with Congressman Graves' Service Academy Nomination Board. The interview is a mandatory component of the nomination process. Interviews will be held in early December. You will be notified of your date and time 7-10 days in advance and should mark these dates now.

8) Why does Congressman Graves use a nominating board?

This board evaluates applicants and recommends candidates for nomination. This well-qualified, non-partisan board will ensure a fair and impartial process. Board members are graduates of West Point, Annapolis, Merchant Marine, and the Air Force Academy and have distinguished military careers.

9) What criteria does the board use in selecting candidates?

The selection of Congressman Graves' nominees are made competitively on the basis of a composite of academic factors and leadership potential, extra-curricular activities, physical fitness, character, and recommendations. The following criteria are used in this process:

- School records, class rank, and grade point average.
- Extra-curricular activities.
- College Board scores. Normally, a competitive candidate will have SAT scores above 500 on verbal and 550 on math, or ACT scores above 25 on English and 28 on math. Only scores received prior to the interview can be considered for your application. Please contact the Admissions Office of the respective academies for their requirements.
- Each nominee should stand in the upper fifth of his or her class. The higher one's College Board scores and the higher one's class standing, the greater the chance for a nomination, assuming qualifications in the remaining areas of consideration are equal.
- Motivation. One of the most important considerations in the selection of a nominee is motivation: the candidate's personal desire to attend an academy. It is also the most difficult to measure. **One way to measure motivation is to observe the diligence by which the candidate completes his or her file. Students should demonstrate responsibility and not rely on parents or others to contact the Congressman's office for clarification or questions about the overall process.** For this reason, **Congressman Graves may not consider any candidate whose file is received after the established deadline.**
- Recommendations and References. These may only be submitted with application. Letters sent separately to the Congressman's office are highly unlikely to be included in a nomination.
- Interview. No one can be nominated without completing an interview with Congressman Graves' Service Academy Review Board. These interviews will be conducted December 2017.

The Review Board will use these interviews in their assessments and recommendations to Congressman Graves.

10) What Congressman Graves' "method of nomination?"

The preferred method of nomination is the competitive nomination. This process allows Congressman Graves to nominate up to 10 qualified candidates for each available opening. The academy itself will make the final selection.

11) How do I open an admissions file with the academies?

All applicants must directly contact the academies they are interested in attending to open an admissions file. Please refer to the Service Academy Contact Information listed below for further information. **You can not be considered for a nomination if you do not have an open application with the academy you wish to attend.**

12) How many academies are there?

There are five:

Three reside within the Department of Defense:

- The U.S. Military Academy at West Point
- The U.S. Naval Academy at Annapolis
- The U.S. Air Force Academy at Colorado Springs

Two reside within the Department of Transportation:

- The U.S. Merchant Marine Academy at Kings Point
- The U.S. Coast Guard Academy at New London

13) Are the requirements the same for all of the service academies?

No. Although many of the qualifications are similar, each academy operates under its own admissions guidelines. Refer to the Service Academy Contact Information for the academy of your choice and contact them directly for an academy catalog. Each academy will outline its particular admissions qualifications. You may also discuss this matter with the member(s) of the Service Academy Board who represents your academy choice(s). Congressman Graves' nominating board does not represent the U.S. Coast Guard Academy. It is not necessary to seek a nomination to the Coast Guard Academy. They accept candidates based on their own testing criteria. For this reason, Congressman Graves does not interview or issue nominations for the Coast Guard Academy.

14) Can family members submit letters of recommendation?

There is a limit of five letters of recommendation, with a required minimum of three. Typical recommendations are from those listed below. Recommendations from family members are generally discouraged, but will be accepted in exceptional circumstances.

- Teachers
- Counselors
- Employer
- Coaches
- Clergy
- Scout Leaders

The list above is an example of those individuals who are qualified to submit recommendations on your behalf. Please call Congressman Graves's office if you have any questions regarding this particular requirement.

15) Should letters of recommendation or other items be sent separately to Congressman Graves's office?

No, include all information at the same time when you send in your packet. It is vitally important that you read and understand all instructions provided to you when you begin your Academy Nomination Application. The Congressman's office is not responsible for ensuring that documents are included in your file. When asking people to provide a letter of recommendation for you, please make sure they understand that the letter is to be given directly to you for submission to your application. These letters should NOT be sealed. If your school has a policy of only issuing sealed letters, you should notify the Academy Nomination Coordinator in advance for permission to mail these to the office separately. Many candidates choose to have their ACT and SAT scores sent directly to the office and it is the Congressman's policy to accept these on your behalf. Again, other materials, such as letters of recommendation that are sent directly to my office WILL be returned to you. Please do not provide any additional materials not specified on the application, such as news clippings or copies of awards, as these will not be considered. This policy maintains a spirit of fairness for all candidates.

16) When will I receive my nomination?

Nominations must be delivered to the academies by January 31. You will be notified some time thereafter, if you have received a nomination from our office.

17) Will I automatically be selected by the academy after I receive a nomination?

No. You will be placed among a select group of nominees, and the academy of your choice will make the final decision. If selected, you will receive a letter of appointment directly from the academy.

18) What if I choose more than one academy? Will I be limited to a single nomination?

No. You can be nominated to multiple academies depending on how well you compete among this year's pool of candidates. It is also possible to win multiple appointments.

19) When will I know if I have been offered an appointment by an academy?

Some Academies will begin to notify candidates of their admissions as early as January. All offers of appointment are generally sent out by May.

Please do not hesitate to contact Congressman Graves' office with additional questions.

U.S. Congressman Garret Graves
Jonathan M. Smith
Academy Nominations Coordinator
2351 Energy Drive, Ste. 1200
